Aug 08, 2024

In a world where many diseases don't have a treatment option, how can we bring possibility to people living with serious illnesses every day? It starts with our research and development teams, who push the boundaries of scientific discovery and turn breakthroughs into medicines that change lives. Read more about [innovation](#).

Novartis is reimagining medicine to improve and extend people's lives. We provide financial support for educational, advocacy and outreach activities that help advance our goals of improving patient and public health.
