394217BR
May 01, 2024
Spain

Summary

The BCN GBPA Software Developer drives the software development lifecycle — including working across functional teams to transform requirements into features, managing developments and processes, and conducting software testing and maintenance.

The hub offers a real opportunity to develop in a highly fast-paced, multicultural, technology-driven environment where collaboration and innovation are at the heart of who we are and what we do.

About the Role

Your responsibilities include, but not limited to:

• Work across teams to provide technical guidance and support the entire development process of the product.
• Develop a well thought out plan which helps Data scientists to produce a program which meets the needs of Business
• Prepare a training manual that can be used by application users.
• Attend meetings with Business, data scientists, SQL developers, Business planning analysts, and other staff.
• Improves operations by completing systems analysis work.
• Establish scalable, efficient, automated processes for model development, model validation and model implementation
• Deliver production-ready code
• Proficient in English (spoken and written)

What you'll bring to the role:

• Degree in Computer Science or other related Bachelor
• 5+ years of experience in a technology related field such as software engineer or developer
• Experience with Agile Methodologies
• 3+ years of Python Programming experience
• Expertise in functional specifically in Python
• Experience in databases (Ms SQL preferred)
• Strong understanding of Algorithms and Data Structures
• Experience in writing unit tests
• Working knowledge of CI/CD pipelines and automation is a plus

Desirable requirements:

- Object-oriented programming in Python is a plus
- Familiarity with GitHub or any other version controlling tool
- Strong sense of ownership, urgency, and drive
- Self-motivated with a strong work ethic and a passion for learning and problem solving
- Understanding of machine learning is a plus
- Experience with libraries such as pandas, numPy, sciPy, scikit-learn, pyspark is a plus

You'll receive:

As a curious organization, we provide endless opportunities to learn and grow through remote, online and classroom learning services across a broad range of topics.
Company Pension Plan; Life and Accidental Insurance; Meals Allowance or Canteen in the office; Flexible working hours
